**Powers Car Released
To Attorney In S.C.**

Charleston, S.C., Aug. 15 (AP)—A sleek Mercedes-Benz automobile belonging to U-2 pilot Francis G. Powers, was released to an unnamed attorney by the customs service here today.

The vehicle, which arrived aboard a freighter August 5, has remained at the North Charleston terminals of the South Carolina State Ports Authority.

Gustav F. Doscher, Jr., collector of customs for the South Carolina district, said the car was released under Section 54.2 of customs regulations because Mrs. Powers, who was in Europe when her husband was shot down over Russia, was traveling under orders.
